JUNGLE QUEST

Prepare for an adventure in the heart of the jungle, where untamed beauty and untold secrets await...

Laid out in your path, the remains of an ancient tribal village can be seen. Untouched and untamed you move through what appears to be a man-made entryway shrouded by vines.

You begin your adventure into this forgotten realm in the briefing and vesting rooms which are decorated with murals of jungle scenery, bamboo props, and a stone-like tribal face. Receive your instructions then plan your strategy for an amazing jungle encounter like never before.

Surrounding you the jungle waits with its sound and mystery. Years have passed since the village was populated but remnants of their existence still remain. Seen around you are towering trees, colorful plant species, scattered fallen logs, and thick canopy vines. Vibrant birds perch and curious monkeys peek through the foliage as you traverse the jungle floor. Bamboo structures hidden within the foliage and other artifacts can be seen throughout the jungle as well.

The thriving plant life surrounds you as you make your way into the jungle and through the forgotten village. Around the edges of the ruins, more wild growth can be seen from the light of the giant torch tower that sits in the middle of this lost civilization. What will you find as you begin to explore? What mysteries will you uncover and will retracing your steps back be possible? Put your skills to the test and challenge yourself against the most powerful forces the jungle has to offer!
