PIRATE QUEST

You've been involuntarily drafted into service by the legendary Blackbeard, the most notorious pirate to ever sail the high seas! Locked away in the dungeons aboard the Queen Anne's Revenge, your fate hangs in the balance. Will you join the marauding crew as they pillage and plunder or will you mutiny against the legendary pirate to earn your freedom? One path leads to treasures and riches beyond your wildest imagination, the other to everlasting glory and honor among your countrymen.

Your swashbuckling adventure begins below deck with an introduction to your new found pirate life in the dungeons. A dark and dreary environment, these compartments feature large wooden bulkheads, iron shackles and chains, and cargo crate and barrel stacks. You're soon set free to equip yourself in the armory, which shares its space with the captured loot. Mounds of armaments are stacked against iron-clad chests overflowing with gold and silver doubloons, precious gems, and assorted treasure.

Make your way up to the main deck of this square-rigged warship through a maze of plank-board partitions and around crate clusters and gunpowder barrels. Providing the backdrop to this high-octane adventure on the high seas are iron cannons along the gunwales and large wooden beams supporting the enormous masts above you. Steady your feet aboard this mighty sailing vessel and hoist the Jolly Roger in preparation for battle.

Take your fill of pillage and plunder and find your place amongst the pirate crew. Or join the cause of treachery and treason to fight for your freedom against the pirate rabble. Life and limb will be risked no matter the choice!

Investment: Starts at \$26.00 per square foot

Options:

Entrance Arch: *Prison Chamber*
Center Prop: *Towering Crows Nest*
