Details: This 9-hole blacklight miniature golf course transports guests back to ancient Egypt where the pharaohs reigned supreme, delighting guests with a fantastically-themed environment shrouded in mystery and filled with hidden artifacts spanning back thousands of years.

Props – Pharaoh's Quest Cosmic Golf is an extremely immersive environment that amazes players with its visually-stunning 3D props and creative special effects. Unable to see the entire course from any viewpoint, players find themed props and hidden surprises around every corner including large stone blocks, partially-entombed mummies, vigilant jackals, crumbling stone columns, and oversized stone-carved statues. The walls come alive with 3D airbrushed artwork and carved props of the people and symbols of ancient Egypt, adding to the realism of the entire experience.

Holes - Players find themselves challenged at every turn with winding and twisting holes that feature bright-glow edging, contoured putting surfaces, and challenging putt-through props. We've taken extreme care in designing this course to ensure that each hole is fun, safe, and playable for all ages.

Final Hole Challenge – At the final hole, a large stone Pharaoh watches the players and issues them one final challenge. Players who can putt the glowing golf ball into its mouth will have the honor of receiving the Pharaoh's gaze...a truly illuminating experience!
