Details: This themed environment surrounds guests in a lush jungle and takes them to a place that has been lost in time, the ruins of a forgotten city where mysterious secrets and hidden treasures abound.

Lobby – Our client opted for an Archway of tree trunks with vines and a large snake in front of the Briefing Room as well as Lobby and Party Room Décor, which provided a continuity of the jungle environment throughout the facility. Stone faces carved by the artisans of this past civilization adorn the walkways and party rooms while crumbling walls expose the ruins of the ancient city behind it and broken through sections of wall give way to scenes of lush vegetation surrounding picturesque waterfalls.

Briefing & Vesting Rooms – An important part of every guest's experience takes place in the Briefing Room where they receive their playing instructions and the Vesting Room where they suit up into their high-tech laser tag equipment. We've themed these rooms as chambers that the guests must pass through on their way into the ancient city.

Laser Tag Arena – Amidst a maze of crumbling stone walls with inscribed writings and painted images, guests prepare to unveil the secrets from the past as they venture deep into this forgotten land of mystery. Large blocks of stone, towering trees, scattered fallen tree trunks, colorful plant species, stone head masks, and canopy vines cover the landscape surrounding them.
