**Details:** Guests embark on a thrilling quest to become legendary heroes in this themed environment, which is crafted to resemble an ancient temple lost deep in the jungle and filled with mysterious artifacts and treasure.

**Lobby, Arcade & Party Rooms** – These areas were themed as an ancient stone village nestled deep in a tropical jungle. Impressive stone architecture reaches high into the air surrounded by ancient ruins and scenes of the lush jungle both near and far off into the distance.

**Briefing & Vesting Rooms** – These rooms are themed as preparatory chambers which lead to the large temple where guests play out their adventures. The 3D stone clusters and cracked walls create an amazing atmosphere that both entice and excite guests in preparation for their adventures.

**Laser Tag Arena** – Throughout the arena maze on both levels guests are surrounded by clusters of large stone-like blocks and columns, glowing 3D ancient writings and symbols, fallen blocks along the tops of the walls, jungle foliage and tree tops, and enormous stone-carved symbols adorning the walls. In the center of the chamber is a 14' tall torch tower with interior-illuminated symbols along its base and sides and a large glowing flame at its top. A large stone-like Mayan head watches the adventurers from on high as they embark on their missions, billowing fog and illuminating its glowing eyes to those who dare come near.
