Lobby, Arcade & Party Rooms – These areas were themed as a dense tropical jungle on the fringes of red-rock canyon outcroppings. The 3D airbrushed wall murals featured scenes of thick green canopies of trees and vines, flowing rivers and waterfalls in the distance, massive arches of fallen trees, sheer rock canyons, and jutting desert rock caverns.

Briefing & Vesting Rooms – These rooms were themed as underground caverns which lead to the Earth's core where guests play out their adventures. Guests learn about their upcoming laser tag experience and suit up while being surrounded by clusters of protruding stalagmites and stalagmites, cracked cavernous walls, and illuminated LED vesting racks.

Laser Tag Arena – Throughout the arena maze on both levels guests are surrounded by large molten lava rocks and gleaming ice crystals, flaming walls that flow with lava, sheets of cracked ice, and enormous groupings of stones from the cavern. In the center of the arena is a massive Earth Core Prop standing 14' tall and spanning 15' in four directions featuring an orb at its top with pulsating red lasers and glowing blue neon. The Gods of Fire and Ice watch over their minions as the battles rage, billowing fog over those who dare to enter their domain.
