Themed Laser Tag Arenas

SPACE QUEST

An epic battle is raging throughout the Galaxy which will determine the fate of billions... It's a clash between futuristic worlds equipped with advanced technology, with the eventual winner claiming dominance over all. This galactic war has spilled over into our quadrant of the solar system, forcing everyone to choose sides. So set your phasers on stun and join in on the fight. Your efforts can swing the victory to your side, defeat your opponents, and may even propel you to supergalactic hero status!

Your journey starts inside the briefing and vesting areas where you are trained about your mission and suited up in your laser gear. Surrounding you are glowing high-tech 3D circuit panels with interconnecting fluorescent trace lines. Your excitement builds as you prepare to embark on your heart-pounding, exhilarating adventure in this futuristic environment.

Cosmic interplanetary murals surround you and catch your eye as you move through the maze of visually stunning barriers with streamlined angles and strategic tag holes. The clean geometric look with incredible 3D graphics and custom painted designs allows for an exciting game of high-tech tag where the present disappears and the future begins.

As the warning lights flash, you rush back to defend your team base, a brightly illuminated structure which towers overhead. You fire your laser, dash for cover, and the action ensues. Enlist now and experience the future!

Investment: Starts at \$16.00 per square foot

Options:

Entrance Arch: *Matrix Gateway*
