

...THEME FACTORY TOURS...

Thank you for your interest in the Creative Works Theme Factory...

ABOUT US - Since 1997 we have delivered the WOW Effect to a wide variety of entertainment destinations across the globe. Family fun centers, museums, parks, retail stores, bowling alleys, skating rinks and restaurants are just some of the many places we service. As a full-service theme creator and prop builder specializing in the development of visually-stunning and engaging environments and attractions, we have had the opportunity to work with a host of clients to help them create immersive environments that will enhance the entertainment experience of their guests.

WHY TOUR? - We offer tours of our 20,000 square foot **Theme Factory** to help our future clients better understand the process of taking a project from concept to completion, and to meet the people behind the scenes that make it all happen. Many of our clients who originally felt they could provide theming themselves quickly changed their minds once they understood how much talent and hard work was required to create the eye-catching theming their guests will expect. We'll take you on the "nickel" tour of the **Theme Factory** - with stops in the design, assembly, foam, wood and paint departments to see various props, attractions, and environments in one of their many stages towards being completed.

SPECIAL OFFER – To help "sweeten" the deal of hiring us to theme your environment, we will credit the cost of your trip, up to \$1,000.00*, off your total project price. Call us today to find out more...

Travel Bucks
